

Bug Report

Bug ID

BUG-001

Title

Error message is not displayed correctly for invalid login credentials.

Module

Authentication

Severity

Medium

Priority

High

Environment

- Application: OrangeHRM Demo
 - Browser: Google Chrome
 - OS: Windows 11
 - Java: JDK 17
-

Steps to Reproduce

1. Launch the OrangeHRM application.
 2. Enter an invalid username.
 3. Enter an invalid password.
 4. Click the **Login** button.
-

Expected Result

The application should display a clear error message such as **"Invalid credentials"**, and the user should remain on the login page.

Actual Result

The login fails. If the error message is missing, incorrect, delayed, or displayed inconsistently, record the observed behavior here.

Status

Open

Suggested Fix

Ensure that authentication failures consistently return the correct validation message and that the UI displays it immediately after the login attempt.

Screenshot

Attach a screenshot captured during test execution.
